FIGHT TAZMO

To my fellow fans -

Recently, a member of the community named Blud typed out a informative, and well written page that detailed the exploits of Narutofan creator Tazmo.

The point of this was to further spread the awareness of who Tazmo is, what he does, and why it is wrong. However, things like these tend to eventually need updating, and that is why this has been typed out.

What Blud stated is all very correct. However, it must be brought to everyones attention that Tazmo has expanded into full blown, stand alone websites that he has referred to as "revolutionary services".

http://www.anime-plus.com

and

http://www.manga-plus.com

These websites seek to misinform manga and anime fans across the world into believing that his services are fair, the only one of their kind, and more secure than using other resources such as IRC or BitTorrent to get what you want.

The truth is as follows: Tazmo himself uses IRC and BitTorrent to get the files on his websites. He uses the FREE resources that every single one of you can also use, so that he can charge you various fees for getting what is FREE.

Tazmo is profiteering off of a FREE service provided by various members of the anime and manga community who donate their spare time to bring the latest manga and anime to you for FREE. They donate their time, work, and abilities in various areas, as well as use their own bandwidth to serve files.

There are various FREE ways to get and read the manga you want. There are free online readers such as http://www.onemanga.com, as well as http://www.mangahut.com and http://www.mangatoshokan.com.

There are also resource websites such as http://www.mangahelpers.com, http://www.mangashare.com, as well as database resource sites such as http://www.mangaupdates.com.

There are thousands of people who work thousands of hours weekly to bring you the manga you love to read, as well as the anime you love to watch. They do it not to make a profit, but for FREE as a FREE service to the community that we all love very much. **EVERYTIME TAZMO MAKES MONEY OFF OF THEIR HARD WORK HE NOT ONLY INSULTS THEM, BUT INSULTS ALL THOSE WHO PAY FOR HIS SERVICE. Do the right thing, stop supporting Tazmo.**

Drafted by Kaiah. Inspired by Blud. Free distribution with any releases is encouraged.
Fight Tazmo. Put this and Blud's page in your releases to get the word out.

Greetings!

Hello! This is Saki Shuwa
Thank you so much for taking an interest in my seventh FC book,
Love's Renewal Phase!
This comic has become a continuation of FC's Love's Dormant
Phase, so I'd appreciate it if you would also check that out

Now in this volume, of the two love interests, the new character
is the student council president, Haruma Shamoto
President Haruma was very fun to draw. But he is also fairly
safe to draw
I love drawing supporting characters□ I don't care if the hero
gets swallowed by the supporting character□
Yes, I want to be able to draw a hero that doesn't lose to
the evil of the supporting character

These websites seek to misinform manga and anime fans across the world into believing that his services are fair, the only one of their kind, and more secure than using other resources such as IRC or BitTorrent to get what you want.

The truth is as follows: Tazmo himself uses IRC and BitTorrent to get the files on his websites. He uses the FREE resources that every single one of you can also use, so that he can charge you various fees for getting what is FREE.

Tazmo is profiteering off of a FREE service provided by various members of the anime and manga community who donate their spare time to bring the latest manga and anime to you for FREE. They donate their time, work, and abilities in various areas, as well as use their own bandwidth to serve files.

There are various FREE ways to get and read the manga you want. There are free online readers such as http://www.onemanga.com, as well as http://www.mangahut.com and http://www.mangatoshokan.com.

There are also resource websites such as http://www.mangahelpers.com, http://www.mangashare.com, as well as database resource sites such as http://www.mangaupdates.com.

There are thousands of people who work thousands of hours weekly to bring you the manga you love to read, as well as the anime you love to watch. They do it not to make a profit, but for FREE as a FREE service to the community that we all love very much. **EVERYTIME TAZMO MAKES MONEY OFF OF THEIR HARD WORK HE NOT ONLY INSULTS THEM, BUT INSULTS ALL THOSE WHO PAY FOR HIS SERVICE. Do the right thing, stop supporting Tazmo.**

What kind of guy would say "I love you!" all the time?

FIGHT TAZMO

To my fellow fans -

Recently, a member of the community named Blud typed out a informative, and well written page that detailed the exploits of Narutofan creator Tazmo.

The point of this was to further spread the awareness of who Tazmo is, what he does, and why it is wrong. However, things like these tend to eventually need updating, and that is why this has been typed out.

What Blud stated is all very correct. However, it must be brought to everyones attention that Tazmo has expanded into full blown, stand alone websites that he has referred to as "revolutionary services".
